In the claims:

1-46. (Canceled)

47. (Previously added) A method of inhibiting appetite, or the gain of weight, in a subject comprising:

identifying a subject in need of inhibiting appetite or weight gain; and administering an effective amount of an antagonist of melanocyte concentrating hormone (MCH) to said subject, wherein the antagonist binds an MCH receptor.

10276-014002 / JDP-025CN

- 48. (Previously added) The method of claim 47, wherein the antagonist binds competitively to an MCH receptor.
- 49. (Previously added) The method of claim 47, wherein the antagonist binds non-competitively to an MCH receptor.

50-60. (Withdrawn)

- 61. (Previously added) The method of claim 47, wherein the antagonist is a non-polypeptide drug or chemical.
- 62. (Previously added) The method of claim 61, wherein the antagonist binds competitively with MCH.
- 63. (Previously added) The method of claim 61, wherein the antagonist binds non-competitively with MCH.
